PURE
WOOD

BLINDS

S:CRAFT manufacture the highest quality, genuinely made-to-measure window coverings in the UK.

- Our exquisite PURE Wood range of wood slat venetian blinds is without exception and designed for the most discerning of customers.
- PURE Wood consists of two ranges; the **PURE Wood Classic**, tailored towards a more traditional interior and the **PURE Wood Vogue** range, for a more contemporary look.

Unlike inferior cut-down blinds, PURE Wood Blinds are:

- Designed to fit, rather than cut to fit.
- Manufactured from quarter sawn wood for character and tight grain, eliminating warping.
- Custom kiln-dried and subjected to Prescription Conditioning™ and multiple processes of sanding. Then finished to the highest standards using a premium oyster finish with 10 coats and a UV protective layer to help resist fading.
- Finished to perfection, with no unsightly chipping from rough saw blades.
- Consistent, with all control cords located the same distance from the end of the slat. With cut-downs the location of your control cords will vary greatly, as the blind length either end gets cut-down to size.

PURE WOOD CLASSIC

BLINDS

The **PURE Wood Classic** is the most comprehensive blind range in the UK offering a multitude of configurations and finishing options. It is the perfect solution to a more traditional interior.

S:CRAFT's **PURE Wood Classic** blinds are of exceptional build quality and offer a superior solution for any type of window. Designed to suit every requirement, particularly a more traditional surrounding, the **PURE Wood Classic** offers choice after choice, including a pallet of 60 colours and stains and an enviable range of decorative tapes, 26 in total.

Key Features include:

PURE CHOICE

- The **PURE Wood Classic** features an advanced and also unique-to-the-market easy-lock mechanism allowing precision control to the mm
- 3 Slat sizes: 35mm, 50mm and 64mm
- 60 slat colours, 18 paints and 42 stains
- Custom colour option
- 4 headrail colours (the Classic's headrail is constructed from a high grade metal and designed to be left exposed on display or covered using S:CRAFT's easy fit valences)
- 6 valence options
- 4 cord toggles
- Routeless privacy option
- Multiple blinds on a single headrail
- Custom cut around door/window furniture
- 26 decorative tapes
- Child safety cord consolidator option
- Trapezoid bottom rail with flush bottom rail cap eliminating damage to window sills and stops blinds rocking
- Easy to use, clean and maintain.

PURE WOOD VOGUE

BLINDS

Providing the most popular options and most advanced and unique features in today's blind market, S:CRAFT's **PURE Wood Vogue** blinds are of exceptional build quality and offer the ultimate contemporary blind solution for any type of window.

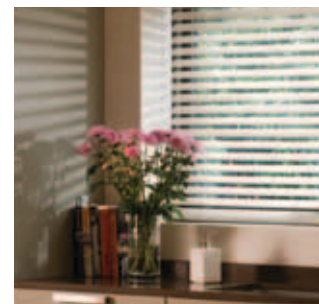

Key features include:

PURE PRIVACY

- Unique to the market, the **PURE Wood Vogue** has a patent pending system for securing the slat to the cord
- No large punched holes in slats
- Tightest slat closure on the market for increased black-out.

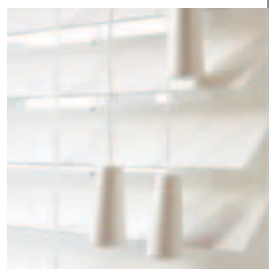

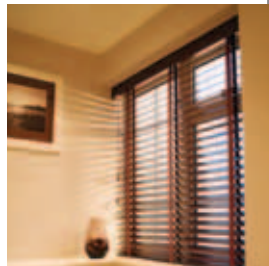

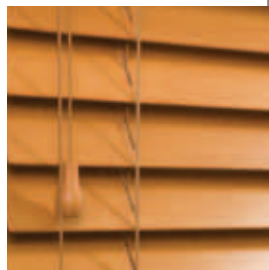

PURE CONTROL

- The **PURE Wood Vogue** features an advanced and also unique-to-the-market easy-lock mechanism allowing precision control to the mm
- 50mm slat
- Choice of 7 headrails and 10 popular slat colours
- The Vogue's headrail is constructed from a high grade metal
- All S:CRAFT blinds are supplied with a high quality, matching wooden valence
- Hold down brackets for face fixing to doors
- Child safety cord consolidator option
- Trapezoid bottom rail with flush bottom rail cap eliminating damage to window sills and stops blinds rocking
- Easy to use, clean and maintain.
