

Technical Information

- Width (mm): Up to 4000 in a single section.
- Height (mm): 1200, 1800.
- Standard RAL colour: White (9010).
- Corrosion resistant, powder coated, extruded aluminum hardware.
- Stainless steel components.
- Slim, flush cassette, ensuring that the fabric and components are protected from weather when retracted.
- Spring loaded roller tube keeps the fabric under optimum tension at every position.
- 2 front pole options: bolt down pole or pole with recessed socket.
- Easily installed and removed thanks to the clever hook on & lock off bracket.

Specification:

Compact cassette, available in sizes up to 4000mm width x either 1200mm or 1800mm height.

Application:

Domestic & Commercial.

Benefits:

Protects from wind, rain & inquisitive neighbours.

Perfect for large patio areas, this smart vertical cassette side screen compliments your sun awning, providing shelter from cold draughts.

The Serval is hidden in an elegant narrow compact cassette that is fitted vertically on the wall and protects the cover from dirt and dust when it is retracted. When required the awning is pulled out using the handle and inserted in to a fixture post or a wall connection profile. It is easy to open and retract with just one hand. The strong tensioned spring guarantees that the cover tension is taut at all times.
